

## CLASS 2 DRIVER LICENSE COURSE (trucks more than 4,500Kgs and less than 18,000Kgs)

### GENERAL COURSE INFORMATION

Attending an NZTA-approved training course, such as this one provided by **Cornerstone Training & Management Services Ltd** is an essential step toward getting your Class 2 driver license (medium rigid vehicle license).

The course involves formal in-class training in association with the theoretical aspects of road user law, driver fatigue management and the legal requirements for recording work time. This will be followed by the practical aspects of driving a medium rigid heavy vehicle (truck). Each component of the training will be followed by a competency based assessment to confirm a candidate's knowledge to hold a Class 2 driver license. Competency based assessment will be undertaken against the following national unit standards:

- **15158** - Carry out start-up and shut-down procedures on a heavy motor vehicle and make ready for use
- **24089** - Demonstrate knowledge of fatigue management, work time, and driver logbook requirements
- **17574** - Operate a heavy rigid motor vehicle for a class 2 driver licence

Candidates have the option of providing their own truck for the practical training and assessment, or we can organise an appropriate vehicle for course use. If a candidate intends on providing their own vehicle for training, the vehicle must meet all legal requirements for on-road use and must be loaded to a minimum of half the load capacity.

**DURATION:** 2 days

### PREREQUISITES

You will need to produce the following at the course:

- your **driver's licence** (you must have held a full class 1 licence for a minimum of 6 months)
- A current **class-2 learner's licence**. This involves a 35 question general theory test and 10 question Class 2 specific theory test undertaken at a local AA or Licensing establishment. At this point you will also need to provide a medical certificate from your Doctor and proof of current address e.g. telephone or power account, or bank statement etc.. The "**Road Code for Heavy Vehicles drivers 2008**" provides all information required to pass your learner licence test.

### COST

Please contact us on the latest costs for your particular area. In some cases, course costs are subsidised. We aim to keep costs to a minimum, whilst providing the best possible practical training. **PLEASE NOTE:** The cost associated with this course is for certification purposes only. Costs associated with purchasing your licence are not included for example, the cost of getting your new licence from the AA (Automobile Association) is not included in the costs associated with this course.

Further information can be found at your local NZTA or AA office, or at [www.nzta.govt.nz/licensing/heavy/index](http://www.nzta.govt.nz/licensing/heavy/index)

For further information please contact us at our office on free phone 0508 267 637.
